

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Marge McCurry  
DOCKET NO.: 03-26852.001-R-1  
PARCEL NO.: 12-24-329-026

The parties of record before the Property Tax Appeal Board (hereinafter PTAB) are Marge McCurry, the appellant, by attorney Joseph Kusper with the law firm of Storino, Ramello & Durkin in Rosemont and the Cook County Board of Review.

The subject property consists of a 3,750 square foot parcel of land containing a 63-year old, one and one-half story, frame, single-family dwelling. The improvement contains 962 square feet of living area, one and one-half baths, and a full, finished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as one and one-half or two-story, frame dwellings that range in age from 43 to 79 years old for consideration. The comparables range in size from 1,948 to 2,157 square feet of living area and have improvement assessments ranging from \$7.74 to \$10.97 per square foot of living area. The subject's improvement assessment is \$15.87 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,600  
IMPR.: \$ 15,267  
TOTAL: \$ 18,867

Subject only to the State multiplier as applicable.

PTAB/0741JBV

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of one and one-half story, frame dwellings that are from 61 to 64-years old. The dwellings range in size from 952 to 988 square feet of living area and have improvement assessments ranging from \$16.56 to \$17.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Both parties presented assessment data on a total of six equity comparables. The Board finds the board of review's comparables were most similar to the subject in size, design, exterior construction, and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$16.56 to \$17.93 per square foot of living area. The subject's improvement assessment of \$15.87 per square foot of living area is below this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
